ABOUT EL SISTEMA TEXAS

Mission

Provide a social and educational musical program that promotes the transformation of Hispanic young individuals, as well as to create and consolidate an integration project that fosters, through music, the development of an artistic and work environment as a team that contributes to forming better human beings.

I'm

Goals Achieved

- Creation and consolidation of the Hispanic Symphony Children Orchestra
- Creation and consolidation of the Hispanic Symphony Children Choir
- Increase the number of participants to 80
- Increase the amount of scholarship.
- Music sensibilization to the Hispanic community in Houston and Katy through the music
- Develop the community sense as part of music family
- Develop life skills and values as discipline to their life routine

- Raiza Padilla (website designer)

WE ARE MEMBER OF EL SISTEMA USA

Since El Sistema Texas opened its doors as a non-profit organization, it was invited and included in El Sistema USA.

El Sistema USA groups all those educational organizations of social transformation through music, where it contains the same profile as El Sistema de Orquestas created by Maestro Abreu.

By being part of this organization, El Sistema Texas can also participate in musical training workshops at the state and national level, and at the same time maintain a connection with other organizations that have the same socio-educational profile.

Programs

Hispanic Symphony Children Orchestra

In the orchestra we create future leaders committed to improving the quality of life of society, through orchestral practice. Additionally, we develop through teamwork, academic, cognitive, and social skills of each participant.

Hispanic Symphony Children Choir

In the choir we built the voice as an instrument inside of our body, developing the choral/vocal technique and body expression as the eurythmic. Moreover, we include music theory as solfeggio and sight-reading.
